Experience

Full Stack Web Developer
General Assembly, New York, NY
I attended General Assembly 12-week Web Development Immersive program. The boot camp covered subjects such as Ruby, various JavaScript libraries and frameworks, Model View Controller architecture, Behavior-Driven and Test-Driven development, and Object Oriented programing.

September 2013-December 2013

Freelance Front End Developer
Employed by Felicity Lewis, Durham, NC
Felicity Lewis teaches first grade at Kestrel Heights Elementary School. I designed and developed her website. The website will feature a password protected Parent Portal where they can download homework assignments for their children along with other class information.

May 2013-August 2013

Front End Developer and Graphic Designer
Employed by Beyond Our Borders, Chapel Hill, NC
Beyond Our Borders (BOB) is a non-profit organization dedicated to serving the needs of poor children in developing countries. I joined the BOB team in 2008 as an Administrative Assistant. In 2011, I took on a more significant role as the Front End Developer and Graphic Designer. I am responsible for the creation of their new identity and I was the lead web developer for the BOB website.

October 2008-July 2013

Freelance UI/Graphic Designer
Employed by Mary R. Lee, Boston, MA
Mary R. Lee, the artist and author of the Island Dog Books turned her stories into an educational iPad app (Island Dogs) for children. I handled the user interface design for the app and designed the various interactive pages of the application to the specifications of Mary's artistic vision.

March 2012-May 2012

Telefund Calling Agent
Employed by Boston University, Boston, MA
Telefund Campaign Associates call on behalf of the Annual Fund. I contacted alumni, parents, and friends of the University and represented BU in its solicitation for vital funds dedicated to providing opportunity, advancing knowledge, and enhancing student life.

September 2009-December 2011

Graphic Design Intern
Employed by Ergo ID, London, United Kingdom
Ergo ID is one of Europe's leading strategic brand agencies. I acted as their in-house designer, sat in on client meetings, and helped with brainstorming sessions. My projects included designing client mood boards, case studies, party invitations, retail packaging, and the blog for their website.

July 2011-August 2011

Certifications

Microsoft Specialist Certification (MS)
